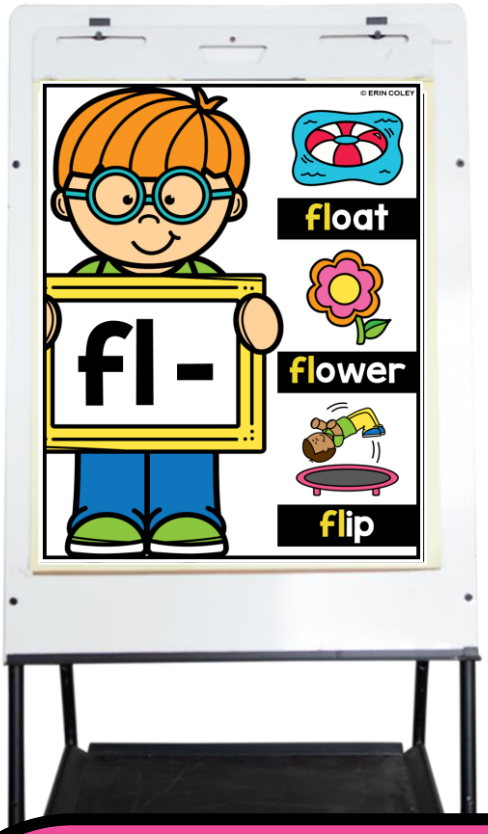
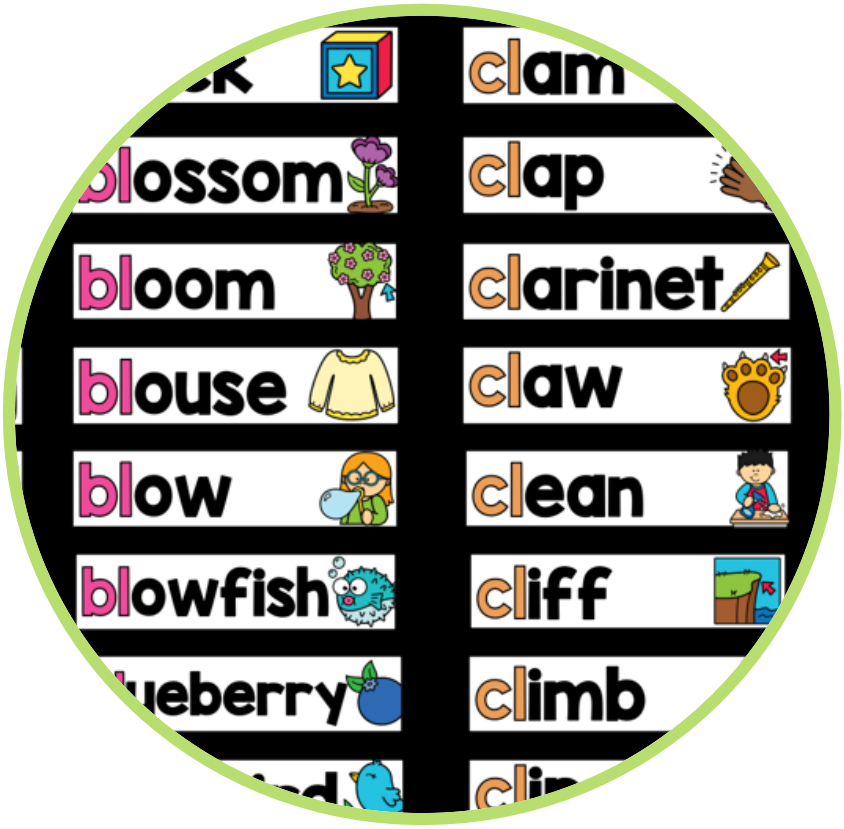
GET STARTED

Find an area in your classroom to use as a dedicated word wall for your students. If you'd like, create a bulletin board with the tools in this resource. I highly recommend laminating if possible, so you can use them year after year. This item comes in color and blackline - so choose which best suits your printing needs.

POSTERS

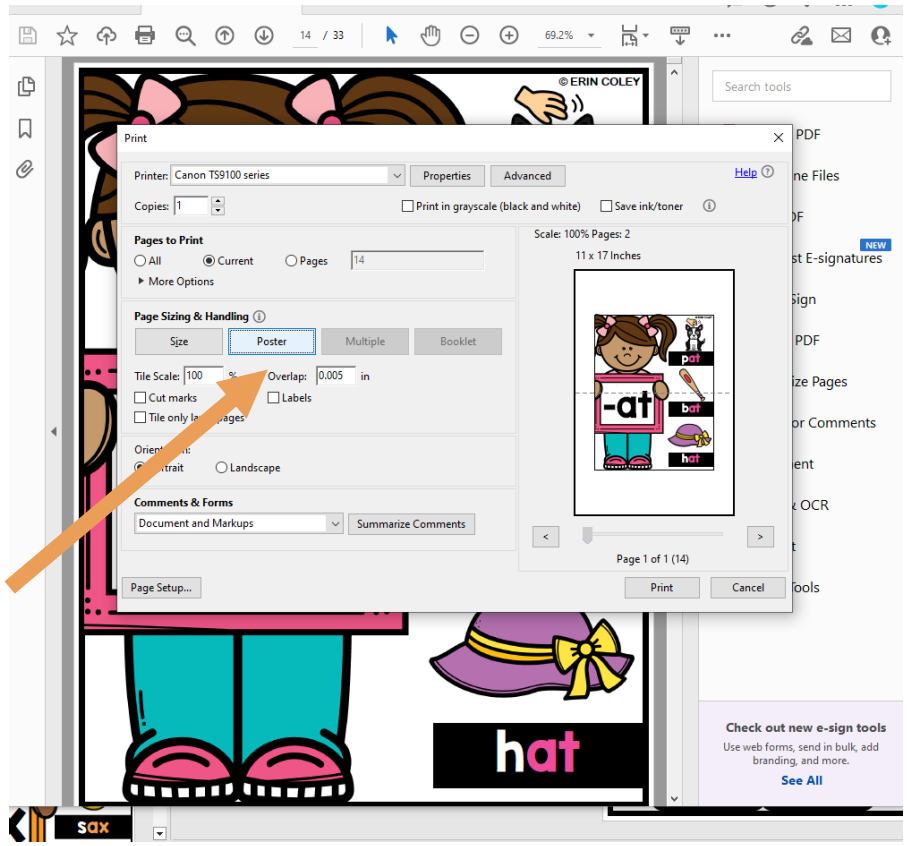


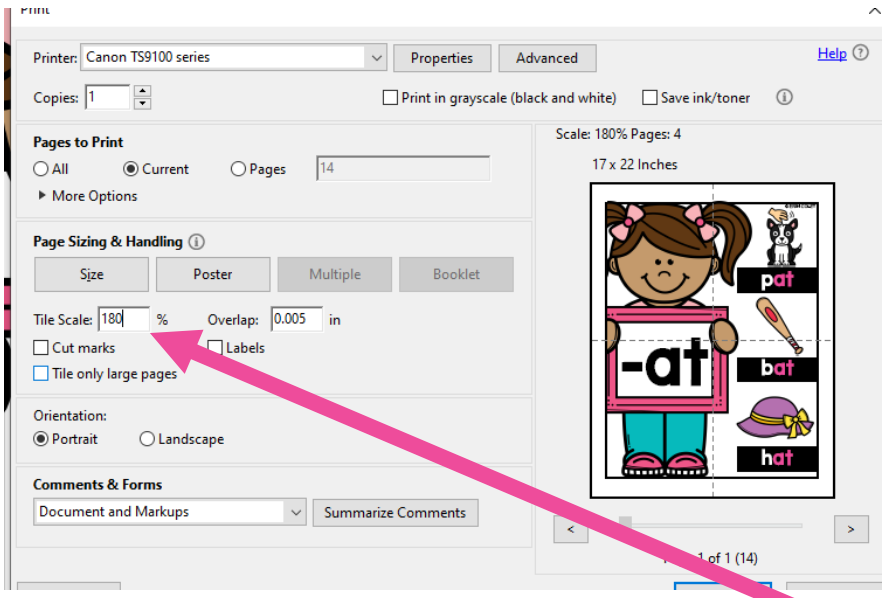


You will receive 6 posters for the beginning L blends. You can print these and use them on your bulletin board, or you can print them as extra-large poster sizes and use them as anchor charts. You can print XL by simply uploading the PDF to a printing supply shop like Staples - but this can get costly. Read on the next page how you can print and create your own large anchor charts.

PRINTING BIG!

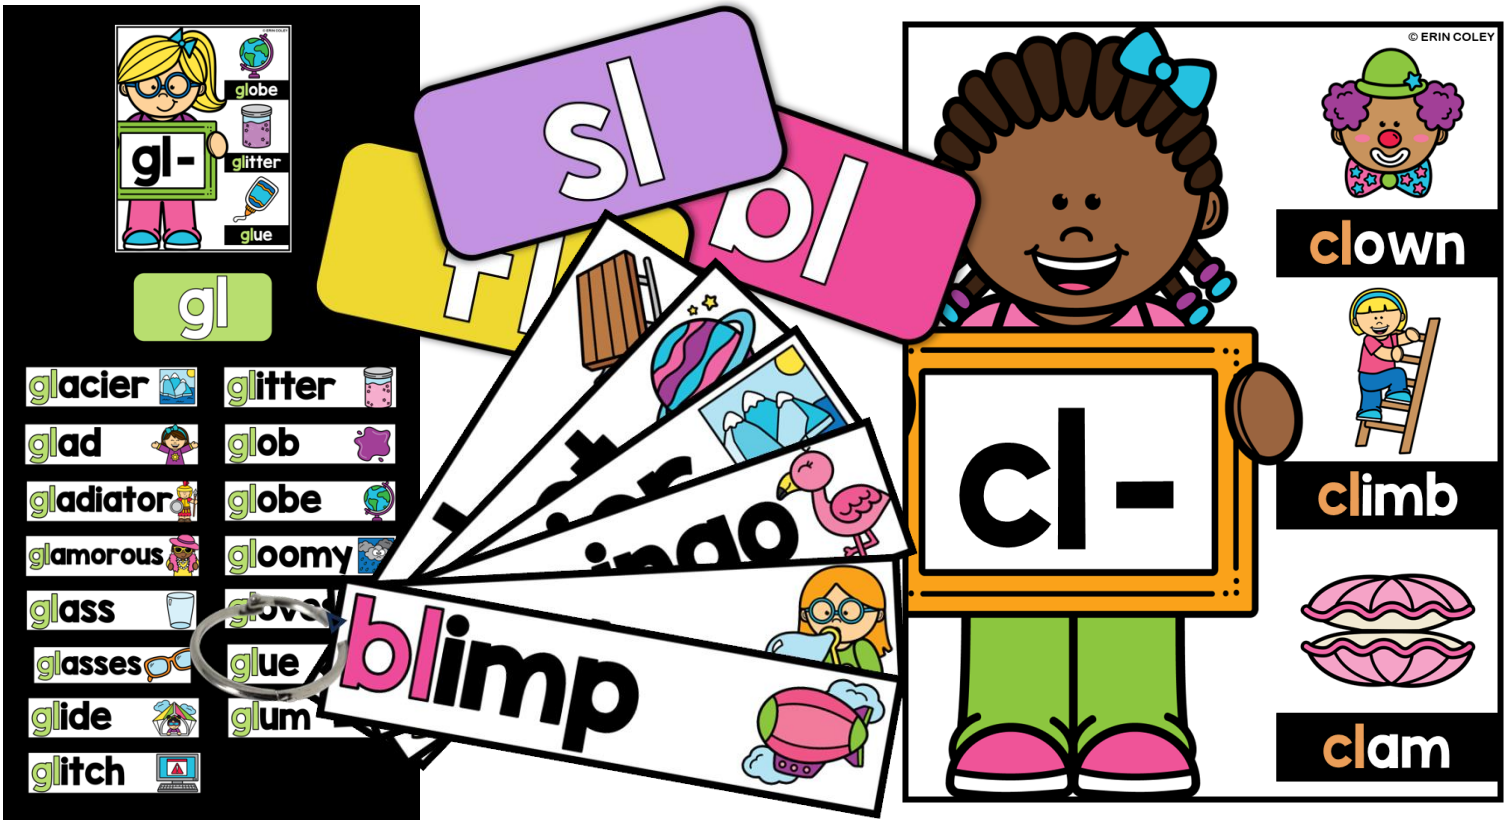
From the print screen, you will need to click on "poster".





Next, you'll need to adjust your tile scale. 180 would use 4 pieces of 8.5 x 11 inch paper. Once you print, you can tape the pages down onto a larger piece of paper to make a big poster! There are some great tutorials on YouTube if you need a bit more assistance!

MATERIALS



Use the bulletin board letters, posters, headers, and word cards to make the perfect word wall for your class! You can also put the word wall cards on a key ring to use for easy access! Whatever works best for you!
